## **SCOUTS CANADA**

## SCOUTS CANADA It starts with Scouts.

## **GROUP HEALTH ASSESSMENT**

Scouts Canada is committed to healthy groups. The Group Health Assessment is a self-assessment tool to help Group Commissioners develop an action plan that will contribute towards long-term growth and sustainability. Group Committees should review Group health once every three months either on their own or with the help of a Support Scouter.

	Group		Date	
--	-------	--	------	--

		Green	Yellow	Red
<b>Level 1. Dedicated People</b> - The Group has enough Dedicated Scouters in key roles	Group	•	•	•
The Group has enough Scouters in each Section (minimum 3)		•	•	•
