**SUBJECT: Guidelines for applying for a Community Gaming Grant**

**DATE: October 16, 2017**

---

[Community Gaming Grants](#) support the delivery of community organization programs that benefit the citizens of British Columbia. If you wish to obtain these funds for use by your Group, your Group Committee must complete and submit the Application by **November 30, 2017**. Please note, that only [Online Applications](#) are now accepted. This document has been prepared to provide you with some assistance, especially related to Scouting specific information. Therefore please review it in detail before preparing an application.

Scout Groups in British Columbia who have completed their **Spring & Fall 2017** Registration, are currently Active in myscouts, Chartered, and in good standing (***no outstanding Pending or Prospective members in myscouts, no outstanding registration fees, invoices and that year-end Group financials have been submitted to the BCY Service Centre by November 30, 2017 and are in compliance with B.P. & P.***) with Scouts Canada are eligible to apply.

In the past, Groups in good standing have been eligible for an annual grant of approximately **\$100 per registered youth member**. One of the eligibility criteria is that Groups must demonstrate that they have delivered programs within British Columbia for at least 12 months at the time of application.

Please click on the [Community Gaming Grants](#) for more information about these grants, including: eligibility; grant amounts; application periods; how to apply; online application resources (tutorials, tips, FAQs, etc.) and more. In particular, please click on the [Regular Community Gaming Grant Online Application Tutorial](#). This document provides instructions and tips on the completion of the regular community gaming grant (CGG) online application. Before you start, review this document along with the pre-application checklist for the regular application. This will provide you with an understanding of what information is required to complete the application.

The **Community Gaming Grants** represent a significant opportunity for Scout Groups to reduce the cost to families for their participation in Scouting. Removal of such financial barriers should assist additional families in joining Scouts Canada. This ability of groups to provide safe, scouting adventures will enable us to increase Scouting's positive impact on the lives of our members throughout B.C.

#### **Acknowledgement of Gaming Funds**

While an acknowledgment is generally not required, Scouts Canada Groups receiving a community gaming grant, should acknowledge the financial assistance of the Province of British Columbia, on their newsletters, promotional material, etc. The grant must be acknowledged by displaying the text shown below:

***"We acknowledge the financial assistance of the Province of British Columbia".***

## Community Gaming Grant – Pre-Application Checklist

Prepare for your application by gathering all the required information outlined in the [Community Gaming Grant - Pre-Application Checklist](#). Completing an application will be faster and easier if you work through this checklist ahead of time and will avoid unnecessary delays in processing by the Community Gaming Grants Branch. As a tip, ensure that you have all the documents saved in PDF format in a folder on your computer, which you can then attach as you go through the Online Application.

Please note, only complete applications will be processed by the Community Gaming Grants Branch. An application is considered complete when all supporting documentation has been received. We recommend that you attach all requested documents, do not mail.

Scouts Canada Groups fall under the **Human and Social Services** sector and are eligible to apply as its **programs significantly contribute to the quality of life in a community**, including assisting the disadvantaged or distressed, promoting health, or **enhancing opportunities for youth 18 years and under**.

- Apply after **August 1**
- Deadline is **November 30**
- Approved grants are paid by **February 28**

### 1) Completing your Online Application

Completing an application takes some time. We suggest planning for 30 to 60 minutes. With the online application system you cannot save your work and return to it later. To get through your application as efficiently as possible, please prepare before you start your online application by reviewing the following pre-application information.

#### Pre-application checklists:

The documents below are intended to help you gather the correct information before you start your online application. Use the regular pre-application checklist unless you know your Group is eligible to apply using the short form application.

- [Community Gaming Grant - Pre-Application Checklist - Regular \(PDF\)](#)
- [Community Gaming Grant - Pre-Application Checklist - Short \(PDF\)](#)
- Have all your documents ready in one file folder for attaching when requested to do so.
- Most applicants will be able to complete their application in under 30 minutes if they have prepared ahead of time by reviewing the pre-application checklist.
- Please be aware that you may run into issues if you take longer than one hour to complete your application.
- **Do not click your web browser back button or refresh button while completing your application.**
  - Make sure that any supporting documents you attach are in one of the following formats: DOC, DOCX, XLS, XLSX, PDF, JPG. (We would recommend in PDF file format).
  - Each attachment should have a file extension matching one of the above; attachments with other formats are not accepted and may cause errors.
  - When naming documents add your L&G# to the file name.
- Do not copy and paste from other documents into the application fields.
- Application fields that allow for multiple lines of text have limits of 4,000 characters including spaces and punctuation.

**TIP:** Please print and save as a PDF file each page as you go through the application. There is a small printer icon at the top right of each page. Click and either print the actual page or save as a PDF file. You cannot go back. You need to complete the application in one session. Have all the documents ready, in one file folder, in one of the above formats preferably PDF format. If you go over 60 minutes, the system will time itself out and you will have to start all over again!

## Grant Selection

### 8) Choose "Short Application" or "Regular Application"

Most Groups will apply using the regular application. Some Groups that are re-applying for a Community Gaming Grant may be eligible to use the short form application if they meet the following requirements:

- A regular Community Gaming Grant was approved for the previous two years;
- The previous year's grant was awarded with conditions, and those conditions have been addressed; and
- This year's request is for the same program(s) and same level of funding approved in the last fiscal year.

Groups may only use the short form application for a maximum of two years in a row. Groups that received a grant as a result of reconsideration must use the regular application. Groups may be advised that they are ineligible to use the short application.

Short form application eligibility is determined by the online application system. If your Group believes it is eligible, but it is not given the option to use the short form application, please contact the Community Gaming Grants Branch by email [CommunityGamingGrants@gov.bc.ca](mailto:CommunityGamingGrants@gov.bc.ca). Please include your Group's name and L&G number.

If your Group is given the option to use the short community gaming grant application, you will see the web page and be given the choice of "Short Application" or "Regular Application".

Please pay attention to the messages beside each button (short or regular). Just because your Group is given the option for a short application, it may not be the appropriate choice.

This part of the application asks you to provide information about your Group’s programs.

### Edit CGG Program Details

#### Program Information

#### Program Details

Click the “Add Program” button. This will take you to a separate web page.

On the “**Edit CGG Program Details**” page add your program information and then when you are done, click the “Save and Return to Application” button to return to the grant application page.

#### Program Name

For Scouting groups there is only one program. **Scouting Programs**

#### Program Description

This is the most important part of the application. Elaborate on how your Group/Sections provides a unique service that meets the [vision, mission, values and method](#) of Scouts Canada. You can find more information at [www.scouts.ca](http://www.scouts.ca) and the [Canadian Path](#) Website.

Although it suggests that you may enter this information in the text box provided (up to 4,000 characters long). We would suggest that you attach a document that provides this information. Click the browse button to attach a document. **Attach** the Program Description in a DOC, DOCX or PDF format.

**Describe the activities and delivery of the program:** (i.e. the activities provided and how they are delivered, community benefit, accessibility, sustainability, and community support - attach an additional sheet if necessary). This information is pertinent to your community and your Group. Through the [Canadian Path](#), our Scouting program breaks down quite easily into four cycles. Each cycle offers new possibilities. With each new season, we can imagine great new Adventures. Use the Self-Assessments to demonstrate your Group's programs and activities.

**Tell your Group's story.**

- Who better to describe your program than you and your Scouters!
- What does your Group/Sections Do and Why does it Matter?
- Think about the reasons why you and members of your Group are members of Scouts Canada and why you feel strongly about what your group and Scouts Canada does in the community.
- How do you describe your program to someone who doesn't know what you do or why you are important?
- Is your program sustainable & does it have community support?

Use the [Canadian Path](#) as the framework, describe the components of The Path that your Group has implemented, which include:

- A non-formal approach to learning
- The seven components of the Scout Method
- The Four Elements: Youth-led, Plan-Do-Review, Adventure and SPICES (the six attributes Scouting aims to foster: Social, Physical, Intellectual, Character, Emotional and Spiritual)
- A balanced program in six Program Areas: Environment & Outdoors, Leadership, Active & Healthy Living, Citizenship, Creative Expression and Beliefs & Values
- A personal journey of growth

Write about how your group incorporates the 4 elements of the Canadian Path and especially SPICES, which is a framework to ensure well-rounded program offerings. How are your Scouters, at each Section level, using the Canadian Path to support youth development and growth in each of the following areas: Social, Physical, Intellectual, Character, Emotional and Spiritual.

Use the following sub headings to describe your programs and the impact on the local community that you serve.

**Clear community benefit**

- Describe community and social benefits of the program
- Are there measurable benefits?
- Demonstrate strong community interest or community priority

**Accessibility and inclusiveness**

- Provide opportunity for anyone to participate in the program, regardless of age, ability, ethnicity, gender, religion, income or sexual orientation, wherever possible

**Sustainability and lasting impact**

- Demonstrate viable plan for ensuring resources are in place to continue the program.
- Demonstrate potential for long-term community benefit resulting from the program

**Community support**

- Financial or in-kind contributions (donated cash, labour, professional services, equipment, materials), corporate sponsors, and individual donors. (Account for Volunteer Hours as In-Kind Income, with an equal amount under Expenses for In-Kind Labour. As a practice, most non-profits use General Labour at \$10/hr and Skilled Labour at \$25/hr). (As an example, Parents helping at a Fundraiser or camp can be allocated the \$10/hr rate while Scouters who are trained can be allocated \$25/hr rate.)

Description of In-Kind Contributions Summary	Value
# of Volunteers (Parent Helpers) doing General Labour x # of hours @ \$10/hour	
# of Volunteers doing Skilled Labour (describe) x # of hours @ \$25/hour	
Donated Materials from local businesses at verified fair market value (please describe)	
Donated Accredited Professional Services at verified fair market value (please describe)	

- Letters of support from others knowledgeable about the sector, community or program. This could be a thank you letter from the local Mayor or council person, MLA, MP, business or community leader.

**How long has your organization delivered this program:** (in years and months?)

Number of years your Group has delivered this program: ***Years and Months of operation of your Scout Group.***

**Program Revenue and Expenses for Previous Fiscal Year**

**Attach** last year's actual revenue and expenses information for the Group's programs from the previous fiscal year.

**Budget for the Current Fiscal Year**

**Attach** the budget of the current fiscal year of your Group's Programs and activities.

**Budget for next Fiscal Year**

**Attach** next year's projected budget for the Group. This could be similar to the current fiscal year (2017-2017), with slight adjustments. Please note to change the years to next fiscal years (2017-2018).

## Requesting the Grant Amount

Indicate the level of Grant funding your Group is seeking for the next 12 months, and describe how the grant funds will be used.

**What level of grant funding are you requesting for this program?**

Base this on **\$100 per Active youth participants in myscouts.**

**Describe in detail how the grant funds will be used:**

Describe the various unique events, outings and activities that your Group/Section conducts to meet Scouts Canada's [Program Quality Standards](#), through the Self Assessments, which now incorporates the four cycles. For more information see Scouts Canada's [Canadian Path](#) website.

Some of these could be:

- Camp and transportation costs (within BC) associated with the delivery of regular Scouting programs, adventures, outings and activities unique to your Sections/Group
- Assistance with uniform supplies, the Outdoor Activity Skills and Personal Achievement Badges
- Training fees for Wood Badge or Council/Area hosted courses
- Training fees for Youth leader courses such as FLEX for Cub Scouts and FAST for Scouts, FOCUS for Venturer Scouts and Rover Scouts
- External volunteer courses such as the Respect in Sport Activity Leader, First Aid, Food Safe and youth courses (Standard First Aid)
- Section specific publications available externally
- Section supplies and equipment
- Facility and equipment rentals that would enhance the program experience of youth with your Sections/Group
- First Aid and craft supplies which are associated with the delivery of regular scouting programs

- Youth Assistance. In order to ensure that every child has an opportunity to experience a local Scouts Canada program, Groups in addition to applying to NOLB, can request additional funding to subsidize children from families struggling with financial hardship. This will provide them a chance to benefit from the values, skills and experiences offered through Scouting. The opportunity to belong to a Group that teaches important life skills, self-esteem and community service has a huge impact on these youth.

The **Community Gaming Grants Branch** needs to see applications that are directly connected to programs that your Sections/Group provides to the youth and volunteers in your community. Do not apply for Activities that are not directly related to the Scout Program (e.g. season tickets or Scout night tickets to soccer, football or hockey games!!).

**Purchases** associated with the delivery of regular Scouting programs such as tents, canoes, etc., may also be **eligible** depending on the type of program your Group offers and the need.

If your Group is requesting funds for equipment such as tents or canoes, it is much easier to get approval if the Group can show that they have conducted their own fundraising to support the purchase of this equipment. Explain the type of fundraising conducted.

The **Community Gaming Grants Branch** is fully aware that **Scout Popcorn** is a major fund raiser for Scouting and is extremely supportive and very favourable to Groups that participate in this program. When showing the type of other fund raising conducted, please be aware of [Scouts Canada's Procedures on Fundraising](#).

#### Other Program Details

**Does this program receive any provincial or federal funding, other than Gaming Funds?** **NO**
